

# IT'S MY WEDDING

Frequently asked first dance questions, by Hurstville Dance

---

## What Do I Wear?

When coming to your dance classes you should dress comfortably and with layers, so as you get hot you can take articles off. You should wear appropriate foot wear that you can be comfortable in but ladies if you're wearing heels on the big day you should get used to moving in similar foot wear. The wedding dress has to be taken into account too. Is it tight fitting, with a train or veil or does it have hoops, these are things the dance teacher should know when starting your first lesson.

## The Lesson Itself.

**What should I dance?:** Most couples have a song that means something to them, this is usually what we at Hurstville dance suggest you pick when deciding your song. We have a large selection of music (over 10,000 tracks) to choose from so we can help you decide what will suit your needs but remember musical taste is very personal. Your dance teacher will pick a dance that suits the rhythm of your song and can choreograph it as easy or as hard as you and your partner like. At Hurstville dance we are capable of supporting multi media audio systems so you can bring your song on a cd memory stick or iPod.

**How many lessons do I need?:** This is the hardest question to answer as it all depends on how fast you learn, if you've danced before and also how complicated you want your dance to be.

---

## The Lesson Itself (continued).

**How do I book my first lesson?:** Your dance lessons are done via appointment and can be made to suit you, your partner and the teacher that's taking you for you

lesson. Contact us at Hurstville Dance on ph:(02) 80842198 or [info@hurstvilledance.com](mailto:info@hurstvilledance.com) and we can organise a time that suits.

We provide some very affordable packages of 5 or 10 lessons at a discounted rate: check our website for details [www.hurstvilledance.com](http://www.hurstvilledance.com)

**Can my wedding party join?:** Our pricing allows up to four people to join any of your lessons, any number over that will be charged class casual rates. Check website for details.

## Information the teacher will ask you.

To make your big day as special and as stress free as possible your teacher will need to know:

How big is the dance floor, or the danceable area?

Do you intend on dancing the full track of music, or only half?

Are there any other special needs? Ie on a boat etc

Please contact us anytime for any further questions you may have. We at Hurstville Dance are here to help create a special day for you.
